

16 Die, Two Missing As Bridge Collapses

BLIND HITCHHIKERS—Two blind residents of Miami, Fla., will hitchhike, with the help of their seeing eye dogs, to Boston next week to attend the annual convention of the National Federation of the Blind. Showing how they will travel are Bill Scrimgeour, president of the Dade County chapter of the Florida Federation of the Blind, with Bubbles (left) and Bob Lambert, who is a candidate for a doctorate in psychiatry at the University of Chicago, with Trudy (right). (AP Wirephoto)

New Bridge Was Nearly Completed

**22 Injured as Two
Sections Plunge
Without Warning**

VANCOUVER, B. C. (AP)—Two sections of a nearly finished six-lane bridge collapsed mysteriously yesterday in a tangled mass of steel, plunging at least 16 workmen to their death.

Two others were missing and 22 injured.

It was 3:42 p.m. on a hot, sunny, windless afternoon when the two end sections of the 16-million-dollar Second Narrows Bridge over Burrard Inlet gave way without warning.

Forty construction workers were on the steel lacework of the pier-supported sections.

Suddenly, with a muted rumble, the temporary front supports of the foremost section crumbled and dropped the jutting end of the bridge 200 feet into the tide-churned inlet separating Vancouver and North Vancouver.

The strain jerked forward the concrete pier holding the section behind, and it nosed downward into the water. The two sections, each about 70 feet long, ended their collapse tilted crazily downward like a sagging W with their front part submerged and rear still on the supports.

An eyewitness, Edwin Leitch, said the "frightening roar of the collapse sounded like a continuous peal of thunder lasting about 15 seconds."

A huge crane which had been hoisting steel girders to the top of the bridge toppled and plummeted into the mass of tangled wreckage in the water below.

Some workmen were caught and killed in the tortured, twisted beams. Others were crushed beneath tons of steel and concrete after they dropped into the 40-foot-deep inlet.

One survivor, Don Mitchell said after riding the first section down that "everything happened so quickly there was little sensation of fear."

Bill Hallman, who was driving over the old Second Narrows Bridge 200 yards downstream, said, "The air was filled with shouts and cries . . . The men didn't have a chance."

Unsettled Conditions Bring Rain to State

KANSAS CITY (AP) — Unsettled weather conditions brought scattered rains to northern Missouri while southern Missouri basked in sunshine today.

The forecast calls for the occasional showers or thunderstorms to spread, continuing through today and tomorrow, with mild temperatures.

Mid-morning temperatures ranged from 73 at Joplin to 66 at Kirksville.

Nagy, Kadar Worked Together

Execution Raises Question Over Future of Janos Kadar

BUDAPEST, Hungary — The execution of Imre Nagy raises the question of what will happen to his collaborator and successor, Janos Kadar, the current Communist boss of Hungary.

Nagy and Kadar were both considered Titoists, Communists who thought the local parties should be allowed to depart from Moscow's dictates to meet local conditions.

At the start of the 1956 revolt, they worked closely together. When Hungary's Communist party command reorganized in the midst of the crisis, Kadar became the party chief, a job he still holds. He was a member of Nagy's Cabinet and presumably backed its measures.

Kadar in speeches and interviews supported the revolt. Then he broke with Nagy to collaborate with the Soviet forces which installed him in power.

After Nagy took refuge in the Yugoslav Embassy, Kadar gave him a safe-conduct and arrested Nagy when he left the embassy. Many observers believe that Kadar had promised Yugoslav President Tito there would be no trial for Nagy. As recently as April 3 Kadar brushed off the whole question of Nagy in a talk with this

correspondent, saying it was "not of current interest." He added that the ex-premier was at a health resort he had wanted to go to.

He implied the whole matter ought to be forgotten.

What happened to revive it? Most observers here and in Belgrade believe the executions to be the result of the quarrel between Moscow and Tito. But what remains unclear is the wider picture of which this strike at Tito and Titoism is a part. Here are some of the questions being asked:

1. Was the trial of Nagy meant to show other Communist regimes the danger of Tito's independent ideas?

2. Why does the official Hungarian statement say comparatively little about "American capitalists" and instead emphasize charges that Nagy collaborated with British diplomats?

3. Where does the execution of Nagy fit into the war being waged throughout the Communist world between Khrushchev's supporters and his Stalinist enemies?

Kadar is Khrushchev's man in that fight. It may be significant that Kadar's name was not mentioned once in the long official recounting of Nagy's alleged sins.

Insurgents Capture Beirut Prison; Start Shooting at Houses

BEIRUT, Lebanon (AP)—Insurgents captured a woman's prison in Beirut today, and started shooting at nearby houses from the prison walls.

Fighting broke out in the area Tuesday night when insurgents assailed the prison.

The insurgents are Moslems opposed to President Camille Chamoun's regime in this half-Christian, half-Moslem nation.

The prison is on a hill overlooking the Christian quarters. The Moslems were shooting down into the Christian section.

Troop Exit Should Better Bad Relations

**French to Withdraw
One-third of Troops
From Tunisia Soon**

TUNIS — Long troubled relations between France and Tunisia are expected to improve markedly as the result of an agreement to withdraw a third of the French troops in this former protectorate and concentrate the rest at Bizerte.

The agreement also should improve the West's position in the key North African republic, President Habib Bourguiba has been handicapped in trying to keep Tunisia on a pro-Western course by the troops' presence, which was considered a threat and an affront to national sovereignty.

The agreement announced last night provides that 7,000 French soldiers will be out of the country within four months, French officials said. The remaining 15,000 will be stationed at the Bizerte naval and air base, which now is manned by 12,000 men.

A Tunisian government spokesman said after the 7,000 are gone, talks will open on the status of the Bizerte base. The West wants to keep it in French hands for use if necessary by the North Atlantic Treaty Organization.

Since February, Tunisian forces have blockaded Bizerte and other French military posts in the country.

Before Tunisia was granted independence March 20, 1956, France had 40,000 troops here. She kept 22,000 on, under terms which were supposed to be negotiated later, to help protect Tunisia and in hopes of stopping aid to rebels in neighboring Algeria.

French planes bombed a Tunisian border village Feb. 8 on the ground it harbored Algerian rebels, killing 79 civilians, and Bourguiba demanded immediate evacuation of all French troops. A makeshift Tunisian militia blockaded the French in their bases near Tunis and at Bizerte, Sfax, Gabes, Gafsa and Remada. Several clashes occurred at Remada in the southern desert.

Recreation Meeting to Hear MU Professor

Dr. Quentin F. Schenk, associate professor of social work at Missouri University, will be the speaker at the Community Recreation Committee meeting that will be held in the assembly room of the court house at 7:30 this evening.

The University has recently established a Community Development Program to assist communities confronted with development problems. Dr. Schenk, the coordinator, explains the program is designed to help communities to help themselves and to overcome obstacles such as lack of funds, unfamiliarity with methods and procedure and in some instances, lack of complete local cooperation.

This service is free and is sponsored jointly by the School of Social Work and the University Adult Education and Extension Service.

Representatives of the numerous organizations in Sedalia that comprise this committee are requested to bring the completed questionnaires to this meeting, and if the representative is not able to attend, to appoint someone in their place.

Visitors are invited and are welcome to attend the meeting.

The Weather

Considerably cloudy with occasional showers, thunderstorms tonight and Thursday. Continued mild. High this afternoon near 85. Low tonight near 65. High Thursday in the mid-80s.

The temperature at 7 a.m. was 66 and at 1 p.m. 67. Low Tuesday night 58. Rainfall to 1 p.m. .09 inch.

The temperature one year ago today, high 90, low 66; two years ago, high 93, low 69; and three years ago, high 86, low 66.

President Says Adams Was Imprudent, But 'I Need Him'

ADAMS ANSWERS—Sherman Adams holds a file of material he brought with him as he answers a question in testimony in Washington before a House subcommittee looking into his relations with Bernard Goldfine of Boston. Adams, No. 1 aide to President Eisenhower, pleaded ignorance to the rules and regulations of the Federal Trade Commission when questioned about a telephone call he made to the FTC in Goldfine's behalf. The White House assistant acknowledged he received a rug and a coat from Goldfine and let the textile magnate pay hotel bills for him. (AP Wirephoto)

32 Students From 14 Countries

AAUW to Entertain Field Service Group

The American Association of University Women is again making plans for the entertainment of a bus load of American Field Service students from 14 different countries on July 4th and 5th.

There will be 32 students, accompanied by two chaperones, in the group coming to Sedalia, and will include students from Germany, Denmark, Sweden, Finland, Norway, France, Great Britain, Indonesia, Italy, Luxembourg, New Zealand, Singapore, Switzerland and Turkey.

During their stay here they will be guests in Sedalia homes. On the evening of July 4 they will be entertained at a smorgasbord at the Bothwell Hotel where Sedalia people will have an opportunity to become acquainted with them. Other plans for entertainment of the students have not been completed.

Eight other ticketed bus loads of American Field Service students from the western area, in addition to the one coming to Sedalia, will be assembled at Salt Lake City to start their tours at the same time. All of the Sedalia guests have lived with families from Colorado, Arizona, and Utah, except one each from New Mexico, Nevada and Oregon. Chartered bus tours of other sections of the United States, other than where the students have lived for ten months, is part of the AFS program. This year there will be 31 buses making the tour with a total of 1,033 students from 29 countries. Each bus will make about ten stops and all buses will be together in Washington or New York at the end of the trip.

Corn Borer Meetings Will Be on Friday

**Extension Office
Will Conduct Tour
Through County**

Because of the heavy infestation of the corn borer in Pettis County a series of meetings has been scheduled to acquaint people with the things for which to look. The meetings will be conducted by Merle Vaughn, extension agent.

The laying of the corn borer eggs is a seasonal thing and spraying should be done this week or early next week to be effective. An airplane is available for those fields that cannot be sprayed with field rigs.

It is recommended that fields in which 75 per cent of the stalks show leaf feeding scars and the stalks are 35 inches high or taller when the leaves are extended be sprayed immediately. One borer per stalk is not supposed to reduce the field over 3 per cent. Ten worms per stalk probably would not reduce yield by 30 per cent. However, if the ear fell off or the stalk blew over in the wind so the ear could not be reached with the corn picker it would be a near 100 per cent loss.

The meetings will be held Friday, June 20. They will start near Smithton, go by way of Longwood, Houstonia, La Monte, Green Ridge and Bahner, and end up at Sedalia, according to the following schedule:

7 a.m., Vincent Rennison, Highway 135, two and one-half miles north of Highway 50; 8:30 a.m., Oscar Major, three miles east of 65 Highway at the intersection of J and EE; 10 a.m., C. A. Staples, Highway D, three-fourths mile east of Route 127; 11:30 a.m., Wilford L. Purchase, Highway 127, eight miles south of La Monte or four miles north of Green Ridge and one-fourth of a mile east; 1:30 p.m., J. W. Carter, Highway 52, two miles east of Windsor; 3 p.m., John Klein and W. C. Corlew, Highway C, three-fourths mile north of Bahner; 4:30 p.m., John Van Dyne, Highway 65, one-half mile north of Sedalia.

Folks with early corn are urged to attend the meeting in their neighborhood. All these stops will be in fields of size to spray and most will be infested fields.

Makes It Clear That He Has No Intention of Firing Him

WASHINGTON (AP)—President Eisenhower said today that Sherman Adams was imprudent in his relations with Bernard Goldfine but "I need him" to continue as top presidential aide.

Eisenhower made it plain at a news conference that he has no intention of firing Adams, although he did not say that in so many words.

In anticipation that the President would talk about the hottest Washington subject of the moment, newsmen were packed into the conference room.

At the outset, Eisenhower announced he had a statement he wanted to read.

Then, reading from typewritten large cards, Eisenhower said Adams had been imprudent, as Adams himself acknowledged in testimony Tuesday before a House investigating committee.

Despite that imprudence, Eisenhower said, he has reached these personal conclusions:

"1. I believe that the presentation made by Gov. Adams to the congressional committee Tuesday truthfully represents the pertinent facts.

"2. I personally like Governor Adams.

"3. I admire his abilities.

"4. I respect him because of his personal and official integrity.

"5. I need him."

Eisenhower then went on to say:

"Admitting the lack of that careful prudence in this incident that Gov. Adams Tuesday referred to, I believe with my whole heart that he is an invaluable public servant, doing a difficult job efficiently, honestly and tirelessly."

After reading the statement, Eisenhower said he would have nothing more to say regarding the Adams-Goldfine case.

But, as the news conference progressed, he did reply to several questions concerning either directly with the matter or with general principles related to it.

On one related matter Eisenhower did decline comment. This was when he was told that some Republicans running for re-election this year say they are going to have difficulty facing the voters on the Adams-Goldfine issue.

The President said he did not care to say anything on that—that he had already made his general statement.

At one point Eisenhower was asked whether, in the light of the Adams-Goldfine situation, it would be proper for other government employees to do what Adams did and win Eisenhower's approval.

He replied that he always has striven for the highest, impeccable standards in the case of White House staff members. He said the goal is the same in the case of employees of all other agencies, but that he does not have as close contact with them as with members of his own staff.

Eisenhower also said he is not able to act directly with respect to workers in other agencies. The matter there, he said, is in the hands of Cabinet members and agency heads.

Another Chance

FREEDOM FEELS FINE—Mrs. Kathryn Kelly, 54, and her mother, Mrs. Ora Shannon, 70, flash big smiles as they walk out of the federal building at Oklahoma City without a guard for the first time in 25 years. Property bonds of \$40,000 had just been posted for the two women. With them is James Laughlin, Washington, D.C. attorney, who helped them win nullification of life sentences for their part in the 1933 kidnapping of oilman Charles Urschel. U.S. Judge W. R. Wallace set bond pending a new trial. Mrs. Kelly is the widow of Machine Gun Kelly who died in federal prison serving a life term for the kidnapping. (AP Wirephoto)

GOP Critics Get Little Room to Talk

**Criticizing Adams
Would Align Them
Against Eisenhower**

WASHINGTON (AP)—President Eisenhower left Republican campaigners little room today to criticize Sherman Adams without aligning themselves against the President himself.

In a statement read to his news conference, Eisenhower reprimanded his chief assistant for being "imprudent" — a word Adams himself had used — in calls to government agencies in behalf of Boston industrialist Bernard Goldfine.

But Eisenhower said in effect that it won't happen again—that his administration is going to be impeccable with respect to the acceptance of gifts and in its ban on the use of White House influence on regulatory agencies.

With his strong defense of Adams, Eisenhower linked himself to his aide in such a way that any Republican who now criticizes Adams also criticizes Eisenhower.

Several congressional Republicans who are running for re-election this year have been critical of Adams. Not many of them are likely to want to challenge the President's operation of his own office.

Adams testimony before a House subcommittee Tuesday that he had exerted no influence on government agencies in behalf of Goldfine despite the loan of a \$2,400 oriental rug and the payment of more than \$2,000 in hotel bills, had left Republicans divided on whether he had cleared himself of influence charges.

One Republican member of the subcommittee which heard him, Rep. John B. Bennett of Michigan, issued a statement saying Adams "should relinquish his post."

"He may not have intended any impropriety," Bennett said, "but unwittingly or unwittingly he has caused his integrity to be brought into question over circumstances of his own making."

Sen. John J. Williams (R-Del.), who said he had read the statement Adams presented to the House group, told the Senate, "Mr. Adams' resignation is in order," and added: "I regret that I cannot accept his explanation as clearing up the implications involved."

Sen. William Langer (R-ND), like Williams a candidate for re-election, said in an interview: "In my judgment, he didn't clear himself. He should resign."

Early Survey Shows Large Amount WAFB Payroll Spent Here

Although it is a little early to tell exactly how much of the airman payroll in \$2 bills is being spent in Sedalia, the banks are receiving a great many. One bank estimated a couple of thousand dollars had been brought in since the pay day at the Whiteman Air Force Base.

Grocery stores, particularly, have had their share of them. There have also been many in the dime stores, but other stores have not had as many as they expected. A men's clothing store manager seemed to be getting quite a few but remarked: "They don't need to pay in \$2 bills to let me know what the Whiteman Air Force Base means to the town."

The two dollar bills are causing a little confusion because sales people are not used to handling large amounts in that denomination, and the bills are so new that it is a little difficult not to give two bills instead of one.

Some of the bills are brought directly to the banks by the airmen or their families, but most of them have come in with the money turned in by the merchants.

Tornado Warnings Issued By Bureau

KANSAS CITY (AP) — The weather bureau today issued a tornado forecast for parts of southeastern Kansas, northeastern Oklahoma, northwestern Arkansas and southwestern Missouri.

"Thunderstorm activity in eastern Kansas is expected to intensify this afternoon as it moves southeastward," it said.

"These thunderstorms are expected to become severe with large hail, damaging winds and one or two tornadoes in an area along and 60 miles either side of a line from 50 miles south southwest of Emporia, Kan., to 30 miles northeast of Fayetteville, Ark., until 5 p.m. CST."

Samuel Gompers, American labor leader, was born in London, England, but moved to the United States at the age of 13.

Shouldn't Expect To Beat Russia In Every Respect

KANSAS CITY, (AP)—Americans should not expect to beat Russians in every aspect of science and technology, a science boss for the nation's intercontinental said today.

Dr. Simo Ramo of Los Angeles, president of Space Technology Laboratories, addressed the International Circulation Managers Assn.

In a prepared speech he said we must be realistic and understand that neither the U. S. nor Russia can be first in every field. "Given two nations with large technical and physical resources, each can be expected to choose and accomplish some advances before the other," he said. "No matter how large our space program is, and even if we are ahead on the average, we can expect them to continue to accomplish some things before we do."

Dr. Ramo, whose firm has handled scientific development of the Air Force's Atlas, Titan and Thor missile programs, said we must increase the nation's brainpower if we really want to win a contest with Russia.

Roy A. Roberts, president of the Kansas City Star, told the circulation managers yesterday that the next era will be the most exciting ever experienced.

"It will be a more fiercely competitive era, not so much competition within the newspaper industry itself as competition between media for the public's time, the very essential advertiser's dollar and, I sincerely trust, competition in service to the public," Roberts said.

Tom Nash Is Speaker At Optimist

Tom Nash, manager of the Sedalia area Social Security office comprising nine counties of the Kansas City district, was the speaker at the Optimist Club Tuesday noon at Bothwell Hotel. Nash stated that there were 14 employees in this area office with a payroll of \$65,000. All the jobs, he explained, are under the federal civil service, which is non-political, and he stressed that a career for young people starting out in the social security field is very satisfactory. He encouraged young people to check into the Social Security jobs and that they may take a written civil examination.

This work, said Nash, requires employees who can talk the language of those across the desk, and thus, because they must know all the facts in order to give the best service, it becomes an interview in which they draw out of the claimant the necessary information. This work holds a great responsibility in which the interviewer attempts to help the claimant all they can and yet not give more than they should.

The speaker stated that social security is an insurance and one must pay into it before they can get anything out of it. You receive, he said, according to what you pay. He told of the various types of work that come under Social Security, of the benefits that may be received according to age and amounts paid in, and stated that the office would be very glad to have people call and talk to them about their Social Security.

Nash was introduced by Maurice Hogan, program chairman.

The business meeting was presided over by Claude Boul, president, with invocation by the Rev. James Schrader. Dr. H. O. Wilbur led the singing and Miss Lillian Fox was accompanist.

Guests introduced were: L. L. Studer, George Tamblin, Kansas City, and Hugh McGehee, assistant regional representative of the Kansas City District Social Security office.

Natural gas occurs alone in many different sections, including the Appalachian, Rocky Mountain and Pacific Coast areas.

Answer to Previous Puzzle

Truman Official Is Making Final Effort to Escape Pen

ST. LOUIS (AP)—Matthew J. Connelly, White House appointments secretary during the Truman administration, is making a last-ditch effort to escape going to prison.

Connelly filed a motion in federal district court yesterday asking a stay of execution on a two-year prison sentence for conspiring to defraud the government in a tax case.

The former presidential assistant and T. Lamar Caudle, former head of the Justice Department's Tax Division, who was convicted in the same case, are scheduled to surrender in St. Louis Saturday to begin their two-year terms.

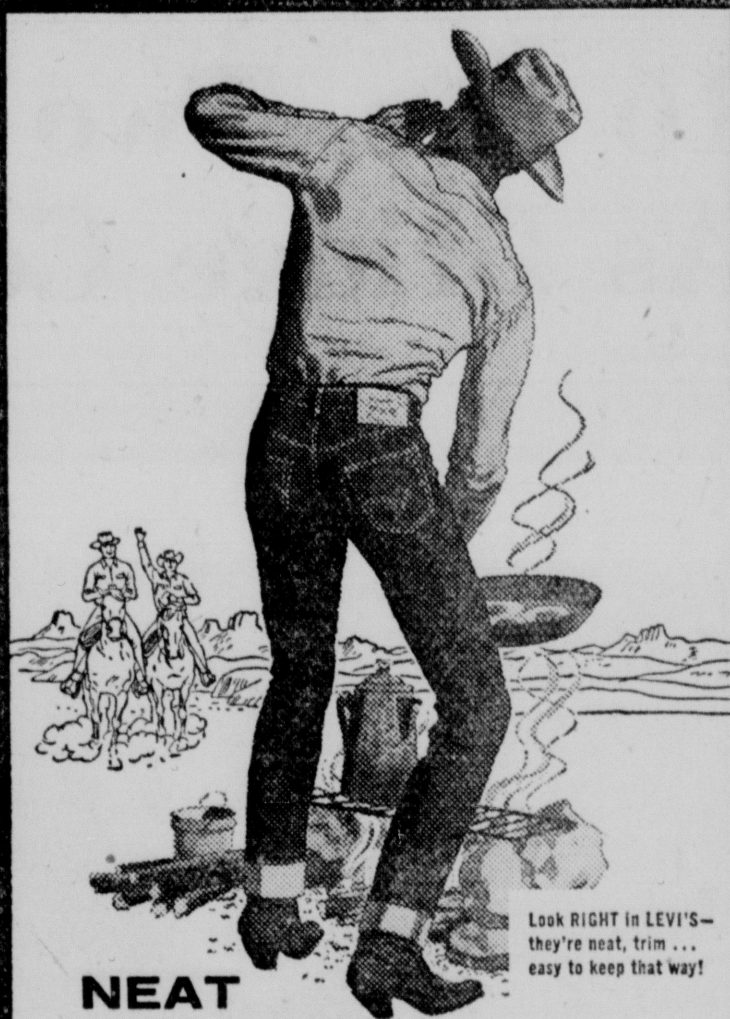

Connelly, a New York public relations consultant since he left the White House, asked that a stay be

granted until the court disposes of his motion for a new trial in which he claimed new evidence had been found.

Federal District Judge Gunnar

Nordbye Monday denied motions by Connelly and Caudle seeking probation.

Circle of WMU Meets With Mrs. Stahl

The Rose Marlowe Circle of the Tipton Baptist WMU met at the home of Mrs. Grover Stahl on June 5.

Mrs. W. T. Martin, circle chairman, conducted routine business. Nine members and three children were present.

All members present had a part in the program discussion for the afternoon.

Mrs. Stahl, assisted by her daughter, Ellen, served refreshments during the social hour.

Miss Beverly Bremer Becomes Bride of Richard C. Hudson

Miss Beverly Grace Bremer became the bride of Richard Charles Hudson in a three o'clock ceremony on May 17 at the Calvary Baptist Sanctuary in Kansas City. Dr. Conrad R. Willard read the double ring ceremony. The church was decorated with large baskets of pink glads and large white daisies.

Miss Bremer is the daughter of Mr. and Mrs. Earl A. Bremer of Kansas City, formerly of Sedalia, and the bridegroom is the son of Mr. and Mrs. Charles A. Hudson, Port Huron, Mich.

Mrs. Ralph Thomas, aunt of the bride, was the vocalist. She was accompanied by Mrs. Frederic Shaw at the organ.

Elaine Moore and Sheril Richards, Kansas City, were candlelighters. They wore gowns of white lace and wrist corsages of pink carnations. Their headbands were of white flowers.

Mrs. Ann Malm, Kansas City, was matron of honor and Miss Patty Ann Berkfelder, Kansas City, was bridesmaid. They were gowned in pale blue lace with a bateau neckline accenting the fitted bodice. The very full skirts were ballerina length. Each wore a wreath of white flowers, to which was fastened a short veil.

The bride, given in marriage by her father, chose a white Chantilly lace and tulle gown fashioned with scalloped neckline. The bouffant skirt was designed with appliques of lace sprinkled with pearls and sequins. Her elbow length illusion veil fell from a crown of pearls and she carried a white Bible topped with red roses and lilies of the valley tied with long white streamers.

A/2c Gary Mugridge of Port Huron, Mich., stationed in Texas served as best man. S/Sgt. Joseph Zuelgich, stationed at WAFB, was groomsmen.

Ushers were AE3 William Hudson, brother of the groom, stationed in California with the Navy, A/3c Marvin E. Bremer, brother of the bride, stationed at WAFB and A/2c Darrell Livingston of WAFB.

The bride's mother wore a gown of pea green with black and white accessories and an orchid corsage. The mother of the groom was attired in a pale blue gown with black and white accessories and an orchid corsage.

Following the ceremony a reception was held at the Montgall Auditorium. The bride's table was centered with a five-tiered wedding cake decorated at the base with arrangements of pink carnations and fern. Mrs. Wayne Davis, aunt of the bride, cut and served the cake. She was assisted by Marilyn Menoun, Verna Reid and Margie Sutherland. Marilyn Hudson, sister of the groom, was in charge of the guest book.

Since the groom's parents and other out of state relatives stayed for a visit of ten days, the couple delayed their honeymoon until July at which time they will go to Niagara Falls and other points of interest in Canada.

The bride attended Smith-Cotton High School her freshman year and completed her high school education in Kansas City. She has been employed at the Kansas City Life

Bridal Shower

Mrs. Ralph Dove, Miss Kay Matthews and Mrs. Ike L. Warren honored Miss Anne Marie Sagar, who will be married June 22 to Gilbert M. Lampton, with a bridal shower Monday night at the Warren home, 1009 West Third.

Games were played during the evening with awards going to Mrs. Kenneth Snyder and Mrs. James Glenn.

Before opening each gift Miss Sagar had to answer the question attached to that particular gift pertaining to her romance or wedding.

The color scheme of pink was carried out in the refreshments.

Guests were: Miss Judy Greer, Mrs. Robert Bennett, Mrs. William Burkholder, Mrs. Jim Norton, Mrs. Herb Brandes, Miss Cora Taylor, Mrs. William Labus, Mrs. Zeb Thomas, Mrs. Darrell Bail, Mrs. Kenneth Snyder, Mrs. James Glenn, Mrs. James Hamilton, Mrs. C. F. Mettler, Mrs. John Sagar, Mrs. C. O. Lampton, Mrs. M. A. Goss, Butte, Mont., Miss Carol Goss, Billings, Mont., and Mrs. Gene Greer.

Requests Questions; Women Do Not Reply

PROVIDENCE, R. I. (AP) — Gov. Dennis J. Roberts asked for questions from the floor following a speech to 1,200 women. After a long silence, Roberts, a bachelor, quipped: "That's my trouble. No girl ever asks me the question."

About Town

Mr. and Mrs. R. H. Parks, Gardena, Calif., arrived in Sedalia Monday to visit with Mrs. Nona Clagett, 620 South Washington. Mrs. Parks is a graduate of Smith-Cotton and plans to attend the reunion of her class on June 21.

Mr. and Mrs. Lynwin Schilb, Junior and Sandra, of Athens, Ga., are spending a week's vacation with his mother, Mrs. O. M. Schilb, 140

OBITUARIES

John H. McGuire
John H. McGuire, well-known Marshall citizen and former real estate dealer, died Monday, June 16, at 3:45 p.m. at the Johnson Nursing Home. He had been in failing health for the past four years.

Funeral services were held Wednesday at 2:30 p.m. at the First Baptist Church, Marshall, conducted by Rev. W. J. Oldham, church pastor. Burial was in the Fairview Cemetery, Sweet Springs, where Masonic rites were held at the graveside. The body was at the Campbell-Lewis Funeral Home where it remained until taken to the church for the services.

Mr. McGuire is survived by his wife, Mrs. Lottie McGuire, of the home, a son, John H. McGuire, Jr., Kansas City; two grandchildren, Jack McGuire and Mrs. William Henkins, Kansas City, and four great grandchildren. A daughter, Eunice, passed away in infancy.

He is also survived by a brother, Granville McGuire, Sweet Springs, and two sisters, Mrs. John Ramsey, McAllen, Tex., and Mrs. Bernard Curran, Los Angeles.

John H. McGuire, the son of Andrew Jackson McGuire and America M. Withers McGuire, was born April 3, 1871, on an 80 acre farm in Pettis County near the village of Lookout about 15 miles northeast of Sedalia, inherited by his mother. The family lived on that farm for seven years and then moved to Ottumwa where they lived until John was 18 years of age.

The McGuire family then moved to Syracuse in Morgan County and went into the lumber business. John helped his father with the saw mill, cutting logs, transporting them to the mill and hauling the finished lumber to market. When he reached the age of 21, he left home and went to Sweet Springs where he worked on a farm for 15 months and then returned to Ottumwa where he attended a small college. Upon the death of his mother and sister, he returned to Saline County and rented farm land from Mrs. Virginia Egan.

On Nov. 24, 1895, he was married to Miss Lottie Nightwine and after living on rented farms for several years, bought a farm near McAlister Springs, east of Sweet Springs, where their son was born on Aug. 27, 1901. In 1903, the McGuires sold their farm and moved to Sweet Springs, where he entered the insurance and real estate business. He took the agency of the Home Insurance Co. of New York at this time; was a member of the Sweet Springs school board for 14 years; and with Charles K. Smith, organized and was manager of the Saline County Land and Investment Co. which bought and sold land in Saline, Lafayette and Pettis counties for several years. While living in Sweet Springs he was instrumental in securing the branch of the International Shoe Co. to locate there and also organized the Farmers Elevator of Sweet Springs.

On May 1, 1924, he purchased the insurance business of Arthur Downs in Marshall and moved to Marshall to reside. In May, 1925, he sold a half interest in the business to Earl E. Sharp and went with the Kansas City Joint Stock Land Bank as loan agent. In December, 1928, he went with the St. Louis Joint Stock Land Bank, and this connection lasted for 14 years. His territory was 86 counties in Missouri. During these years he serviced and liquidated over 500 farms for the land bank receiver.

Frederick Herman Rohrbach
Frederick Herman Rohrbach, 78, California, was found dead early Wednesday morning in the kitchen of his farm home by his nephew, John Rohrbach. Death was attributed to a heart attack.

He was born Sept. 10, 1879, son of the late Christian and Elizabeth Rohrbach. He was married to Cornelia A. Kolb, May 22, 1907, who preceded him in death, Jan. 18, 1906. Two brothers, William J. and Albert, and one sister, Mrs. Charles Mutti, are deceased.

Survivors include one sister, Mrs. John Haldiman, Jamestown, and one brother, Walter E. Rohrbach, California.

He was a member of the California United Church of Christ and a board member of the Highland Insurance Co.

Funeral services will be at 2 p.m. Friday, June 20, at the Wilson Funeral Home, California, with the Rev. Irvin Stegner officiating.

Burial will be in the Rohrbach Cemetery.

The body will lie in state at the Wilson Funeral Home until time for services.

Calvin (Old Buck) Richmond, Calvin (Old Buck) Richmond, 77, for many years a stage carpenter at the old Sedalia Theatre, died on May 20 at Seattle, Wash.

C. B. Simpson, 804 West 14th, received word Tuesday of his death.

He was employed by the theatre when it was owned by Jack Truitt and left Sedalia about 20 years ago.

He is survived by his wife of Seattle.

CAP Dinner-Meeting On Thursday Night

The Sedalia Composite Squadron, Civil Air Patrol, will meet at the Pacific Cafe at 7 p.m. Thursday for a dinner meeting. Major F. A. Stone, Whiteman Air Force Base, will be the speaker.

Rush Allen Moseby

Rush Allen Moseby, 81, 1422 East Broadway, died at 6 a.m. Wednesday morning at the home following a long illness. Last July he underwent a major operation.

Mr. Moseby was born six miles north of Sedalia July 15, 1876, son of John William and Nancy Jane Milam Moseby.

At the age of 19 he joined the Christian Church at Hughesville and was baptized in a branch of a creek four miles east of Hughesville by the Rev. Joseph Wright and baptism being witnessed by James Ellis Sr., a sister, Mrs. J. P. Ellis, and Miss Carrie Ellis.

Mr. Moseby was married to Tennessee Blanche Cross Nov. 25, 1900, they being parents of five children, four of them surviving, Walter E. Moseby, Detroit, Mrs. Claude (Gertrude) Elkins of the home, Mrs. George (Viola) Albro, Arcadia, Calif., Mrs. Wilford (May) Horner, Phoenix, Ariz.; four grandchildren, Miss Patricia Elkins, of the home; Claude Elkins, Norwalk, Calif.; Mrs. Dave (Velma) Taylor, Santa Porto, Calif.; Donald Austin Jr., Lincoln Park, Mich.; eight great-grandchildren and numerous other relatives. Mrs. Moseby preceded him in death Jan. 27, 1911, while they were residing at Gerster, Mo. A sister, Mrs. J. P. Ellis, Route 4, also survives.

Mr. Moseby for about 30 years had conducted a shoe repair shop on South Eugene.

In his residence in Sedalia he belonged to the First Christian Church and was a member of Neapolis Lodge 153, IOOF, and since 1913 of Loyal Rebekah Lodge 260.

The body was taken to the Gillespie Funeral Home to remain until time for services at the First Christian Church at 10:30 a.m. Saturday, the Rev. Harry Purviance, pastor, to officiate.

Mrs. M. O. Stevens and Mrs. Jack Herndon will sing "In the Garden" and "Sweet Hour of Prayer" with Mrs. H. O. Foraker at the organ.

Burial will be in Crown Hill Cemetery.

Mrs. Lucy Mather

Funeral services for Mrs. Lucy Mather, 83, wife of Richard Mather, Sr., who died at her home in the Manila community Tuesday morning, will be held at the Antioch Baptist Church at 2 p.m. Thursday.

The Rev. Robert Gross, pastor, will officiate.

Palbearers will be Ernest Harms, Elmer Alderman, Chester Hoefner, Fred Beard, Wallie Meyers and Fred Neffendorf.

Burial will be in the Antioch Cemetery.

The body is at the Ewing Funeral Home.

Mrs. Mather is survived by her husband, Richard Mather, Sr.; two daughters, Mrs. John Hampton, Route 1, Sedalia, Mrs. Maude Paul, 1104 South Massachusetts; two sons, Richard Mather Jr., Ionia, Mo., Russell Mather, Springfield, Mo.; one sister, Mrs. Rosa Floyd, Kansas City; eight grandchildren and ten great-grandchildren.

Mrs. W. J. Riley Services

Funeral rites for Mrs. Josephine Riley, widow of the late W. J. Riley, who died Monday, were held at 9 a.m. Wednesday at Sacred Heart Catholic Church the Rev. Francis Laudick, parish priest, officiating.

Tuesday at 7:30 p.m. at the McLaughlin Funeral chapel where the body remained until time for services the rosary was recited.

Palbearers were Edward and Tom Hurley, John J. McGrath, T. P. Gallagher Jr., James Cooney and John Menefee.

Burial was in Calvary Cemetery.

Harry Lee Waybright Rites

Funeral services for Harry Lee Waybright, who died Tuesday at Buena Vista, will be held Thursday.

Palbearers will be J. F. McKeehan, Lue Dyer, Earl Miller, Eddie Wimer, Joe Burke and Louis Koch.

Accused Police Are Held Today In \$100,000 Bond

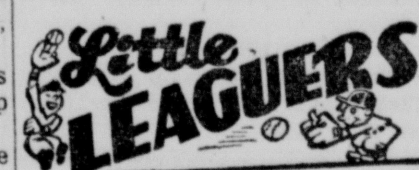

DETROIT (AP) — Two Detroit policemen accused of taking \$100,000 in holdups in a four-year outlaw spree were held today on some of the highest bond in Michigan criminal history—\$100,000 each.

The federal government's case against Patrolman James R. Burke, 33, described by a police superior as "one of my better officers," and Patrolman David R. Tapp, 26, is being held over until Thursday.

Both Burke and Tapp were brought into U.S. District Court Tuesday, the day of their arrests, by the FBI and police. Judge Thomas P. Thornton set the high bond and adjourned the case when Burke asked for aid of an attorney.

Fellow police referred to Burke and Tapp as "party boys" who liked a good time. Both men, each the father of two children, were separated from their families.

The FBI and police said Burke and Tapp admitted a series of savings and loan office stickups and robberies of a bank and places of business in off-duty hours, sometimes wearing disguises including Army fatigue clothes and Halloween masks.

In the first game in the majors Tuesday night Lions went down to defeat at the hands of Adco, 12-4.

Lions had nine hits but could score only four, while Adco banged out 12 hits for 12 runs. Swearner, Adco's right fielder, had a powerful night at the plate with a home run and a double. On the mound for Adco was Rash, who held Lions to one run going into the sixth, where they scored only three more. He was credited with the victory. Ryan was the losing hurler for Lions.

It looked as if Moose might take a victory in the second game as they got off to a 2-0 lead in the first. This, however, proved to be their only runs as Jaycee pitcher, Hopner, threw shutout ball for the remaining five innings, and the Jaycees defeated Moose 4-2. McHenry was the losing moundsman, and Horner was the winner.

Both allowed seven hits. Moose pitcher and third sacker, McHenry and Woods, and Jaycee shortstop Studer, all had a good night at the plate with two hits in three trips.

The minor leagues at Housel Park had some exciting games despite the fact that pitching was a problem the entire evening.

In the B-team game Lions beat Adco in a slug fest, 18-16. Lynn started for Adco and was replaced by Murray. The two combined gave up five hits, but had trouble with their control. Sherman, the winning hurler, allowed four hits and also had difficulty with his control. Kraxberger, Lion shortstop, had a perfect night at the plate with two for two. He scored two runs.

The Adco A-team supported the loss of their second team by beating Lions by a score of 4-2. Thompson was the winning pitcher for Adco, allowing two hits for two runs. Richardson was credited with the loss. He gave up only one hit but had a little difficulty in finding the plate. It was a close and well-played game.

day at 2 p.m. at the Parker-Moore Funeral Home, LaMonte, with the Rev. Dale Sharp officiating.

Palbearers will be J. F. McKeehan, Lue Dyer, Earl Miller, Eddie Wimer, Joe Burke and Louis Koch.

Mrs. Merlin Balke, Cole Camp, was dismissed from Wetzel Hospital, Clinton, Thursday.

Mrs. Tom Hill, Cole Camp, is a patient in Wetzel Hospital, Clinton, where she underwent surgery Saturday.

Other Fires
The Pettis County Fire Department made a run to the farm of Jewell Marcum, Route 2, Hughesville, on county road H, at 9 p.m. Tuesday.

Some children had been playing around two 50-gallon drums of gasoline, and a cigarette lighter is believed to be the cause of fire. Only the gas burned, and no one was injured.

Marriage Licenses
LeRoy Laurence Bugh of Cole Camp, and Nadyne Pauline Klindworth of Cole Camp.

Magistrate Court
Louis Bale of 1631 East Fifth, Sedalia, pleaded guilty to a charge of non-support of eight children, and was sentenced to 30 days in the county jail.

Freddy Joe Mislter, Concordia, pleaded guilty to a charge of careless and reckless driving. He was fined \$25 and costs.

Henry Saathoff of Litchfield, Mo., pleaded guilty to a charge of speeding 78 miles per hour in a 65 mile per hour zone on May 21. He was fined \$25 and costs.

Robert Eugene Kelley, Knob Noster, pleaded guilty to a charge of careless and reckless driving. He was fined \$100 and costs and was sentenced to 30 days in jail. The jail sentence has been suspended as long as he does not appear in court again on a similar charge. It was shown, from evidence presented in court, that the defendant had been drinking intoxicating beverages.

Explorer III's Second Transmitter Is Dead
WASHINGTON (AP)—The second radio transmitter of Explorer III has gone dead and no signals have been picked up from the tiny satellite since Monday.

The other transmitter died out June 5. The Army's other satellite, Explorer I, stopped sending signals May 24. However, the transmitter of the Navy's Vanguard I still is functioning.

Police Reports

Fred Shackles, 300 East Seventh, reported to the police his son's bicycle was stolen from the Uptown Theatre Tuesday afternoon.

A window was found broken out of the Cities Service Station, Broadway and Hancock, at 10:33 p.m. Tuesday night. Thieves stole 79 three-cent stamps, and air cushion value of \$3.00. Owner notified.

Two windows found broken in the Midwest Auto Warehouse, 600 block South Hancock by the police at 11:30 p.m. Tuesday.

A rear window at Haan's Tavern on West Second was broken out sometime early Wednesday morning. Found by the police. Not a robbery.

Police Court

Twelve overtime parkers failed to appear in police court and their cash bonds of \$1 were ordered forfeited and 92 others paid the 25-cent fee.

A-1c Albert Peabworth, 27, Whiteman AFB, charged with disturbing the peace, pleaded innocent in the police court and after a hearing was found guilty and fined \$25 and sentenced to 30 days in the City jail. He was given a stay on the jail sentence providing he remained out of Sedalia for an indefinite period of time. The length of time was not set by Judge Weinrich.

Peabworth was picked up June 4 in connection with house prowling in the East Ninth Street vicinity.

James Maurice Pangburn, 1200 South Summit, charged with careless driving at Broadway and Ohio, pleaded guilty to Acting Judge R. L. Weinrich and was fined \$25.

Magistrate Court
Louis Bale of 1631 East Fifth, Sedalia, pleaded guilty to a charge of non-support of eight children, and was sentenced to 30 days in the county jail.

Freddy Joe Mislter, Concordia, pleaded guilty to a charge of careless and reckless driving. He was fined \$25 and costs.

Harris to Call For Testimony From Goldfine

WASHINGTON (AP) — Rep. Oren Harris (D-Ark.) said today he intends to call for testimony from Bernard Goldfine, the Boston industrialist whose gifts put presidential aide Sherman Adams in hot water.

"It is certainly my intention" to summon Goldfine, Harris said, but he fixed no date. He said a week or more may be needed to develop the case for testimony.

Harris heads the House subcommittee which yesterday heard President Eisenhower's top aide acknowledge he should have "acted a little more prudently" in matters involving his old friend Goldfine.

But, Adams said, he accepted expensive favors from Goldfine only innocently and contacted two federal agencies on Goldfine cases with no intent to win favored treatment for the wealthy Bostonian.

4-H MEMBERS TO COLUMBIA—Pettis County's delegation to State 4-H Club Week arrive in Columbia Wednesday afternoon, June 11. Shown from the left are: Back row: Larry Callis and Bill Raines; 2nd row: Lucille Rugen, Delta Reine, Barry Ellis and Robert Letwiche; front row: County Agent, Merle Vaughan, Marilyn Reid, Anita Rhoads, Sara Gayle Oswald, and Leland Finley.

Main purposes of the four-day Club Week program were to acquaint the boys and girls with the University of Missouri campus, inspire them to greater citizenship efforts and give them an opportunity to meet people and exchange ideas. Guided tours were designed to acquaint the delegates with the College of Agriculture and Department of Home Economics. And, many delegates visited other colleges, schools, and departments on the campus. One of special interest was through the new Medical School and Hospital.

The program's citizenship theme, "Preparing Today for Living Tomorrow" was developed by a host of well-known speakers, University Staff members, and the delegates themselves. A party, a picnic, luncheons and other group activities gave delegates many opportunities to make new acquaintances.

This annual 4-H event is sponsored by the University of Missouri Extension Service.

Another girl, Caroline Staley, came over Friday to participate in a Key Award Luncheon; and Glenda Rhoads, and Jeannette Edmundson came over Friday night to participate in the Citizenship Ceremony Saturday a.m. They all returned to Sedalia Saturday afternoon.

Fourth Suspect In Holdup Arrested

The last of the four men who are supposed to have held up an alleged "dice game" at the Aggeler Coal and Fertilizer plant at Bonville last April has been captured. Prosecuting Attorney John Stegner of Cooper County said.

Notice has been received of the apprehension of James O'Bryan in Decatur, Ill.

Still in Decatur is another man wanted here in connection with the Aggeler robbery. He is Robert B. Crawley, who has pleaded guilty to a burglary and larceny charge in Decatur.

Cooper County Sheriff Lylburn Mann said Crawley's attorney has asked for probation for Crawley on his Decatur charge. If probation is granted, Mann said, both Crawley and O'Bryan will be returned to face armed robbery charges.

Already arraigned are two others implicated in the robbery. They are Alex Mitchell, being held in Cooper County jail, and George Fort of Decatur, Ill., out on \$1,000 bond.

Mitchell, a former Bonville resident, was picked up at Sedalia with the help of a hitchhiker. Fort was picked up at Decatur.

Just The Bad Streets....

Opinion seems to be fairly well established now that the city administration isn't going to tear up any good street just to enforce the 60-cent law on street improvements.

The mayor, the engineer, the councilmen, all have indicated the intention of this program is simply a temporary one designed to make the worst streets passable for a year or two. Reluctantly, council adopted this temporary measure when the matter came up for final passage Monday night. The only other alternative would have been a miraculous deluge of petitions for permanent improvements. Even so they couldn't have been processed in time for the current paving season.

In the meantime the present administration will attempt to sell the taxpayers on the value of permanent street improvements, a program which got underway during the previous administration. Property owners so far have seemed allergic to paying for permanent streets.

Sedalians don't cotton up to temporary street repairs, either, but something had to be done. Council did it.

The whole matter had a stimulating public discussion Monday night before final passage of the ordinances imple-

menting the 60-cent law. Taxpayers took part and spoke out quite frankly. Their comments appearing in the Democrat-Capital ran columns in length but made informative reading.

Sedalians should take more interest in their public affairs. Monday night's town meeting was an animated start. The written description of what went on should encourage other taxpayers to participate in constructive comment and criticism of events which affect their pocketbook and mode of living. Councilmen, too, were forthright in answering queries of constituents. These ward representatives seem to be more at ease speaking off the cuff in an open public meeting than they do appearing on television reading script. They look better and sound more effective right where they belong—in the council chamber. They're too stiff and scared on TV.

Howsoever, it won't be long before the street department gets busy fixing the holes in Sedalia's thoroughfares by the temporary street improvement program under the 60-cent law. That's the maximum—60 cents—but the engineer hopes to keep the charge to the property owners down in the 41½ cents bracket. If he does he's going to become a popular addition to the new administration.

The Washington Merry-Go-Round

Governor Not Discreet In 'Phone Talk

By DREW PEARSON

WASHINGTON—Good old Governor "Goodie" Knight of California is feeling no great pain regarding the political setback of Bill Knowland, the man who made him move out of his own re-election race. However, the good governor, who now wants to be senator, should be more discreet in talking over the telephone.

Gossiping with his office in Sacramento from Perino's restaurant in Los Angeles the other day, Governor Knight reported:

"Things are looking good. J. D. Reilly, vice president of the Todd shipyard, came in to see me this morning with a big wad of dough and said 'We're giving this to you because we think you're going to win.'"

Governor Knight went on to report that Clint Mosher, astute political editor of the San Francisco examiner, had also called to tell him not to worry about Mayor George Christopher of San Francisco, the Republican who rolled up a lot of votes against Knight in the primary race for Senate.

"Unless he comes out for you," Knight reported Mosher as telling him, "we'll knock him out in San Francisco."

Knight's office told him he had an invitation to the annual encampment of the Bohemian Grove, the exclusive California club which invites leaders from all over the nation to relax at a rustic mountain retreat every summer. Governor Knight has been there several times and always seemed to be a joyous guest. But this time he had other ideas about Bohemian Grove members, some of whom had pulled out on him last fall in favor of Knowland.

"I don't want to be around with a lot of millionaires acting like tramps!" the governor told his office. "All you have at the Bohemian Grove is dirty food and dirty beds. I won't go unless it'll serve some political purpose."

The governor's Sacramento office then told him Whitaker and Baxter, his public relations counsel which withdrew from his campaign, had issued a statement that the reason for their withdrawal was because Knight wouldn't take their advice.

"Their statement," observed the governor, "is against the spirit of our understanding."

The good governor ended the conversation and went back to his lunch.

What's in a Denial?

In these days when so many denials are flying around Washington, including the White House, it's interesting to take a close look at the general question of denials. When issued vigorously, categorically, and righteously, the denial carries weight with the reading public, even when un-

true. Later, when the true facts come out the public has usually forgotten the denial.

Here is a denial issued Jan. 3, 1955, by Seymour Berkson, general manager of the International News Service:

"The management of International News Service brands as completely irresponsible and false the so-called prediction voiced by radio commentator Drew Pearson to the effect that United Press would be merged with International News Service."

"Drew Pearson's prediction is as completely irresponsible and false as are many of the other statements Pearson makes—and as everyone knows, this is by no means the first time he has been 100 per cent wrong."

The International News Service and United Press merged last month.

Another Denial

After Jim Hagerty denied that Congressman Adam Clayton Powell of Harlem was in the office of Sherman Adams—as stated by Adams's secretary—when congressmen were looking for him to vote on Hells Canyon, newsmen got inquisitive last week regarding the whereabouts of Sherman Adams. Hagerty seemed vague. "I don't know," he said, "I've been calling him everywhere and I can't find him."

"Have you tried Adam Clayton Powell's office?" asked Francis Stephenson of the New York News.

Adams-Go-Round

It pays to know Bernard Goldfine, the woolen-weaving friend of Sherman Adams. Goldfine's secretary, blonde, svelte Miss Mildred Paperman, drives to work in a Cadillac, has two mink coats, and draws a salary of around \$300 weekly. She's the gal who balked at turning Goldfine's records over to congressional investigators. . . . It's reported that Goldfine charged the Adamases \$2,400 Oriental rug up to Strathmore Woollens as a business expense, and the Adamases vicuna coat up to Northfield Mills as a business expense. If so, he probably won't be in trouble with Internal Revenue, because Internal Revenue in this administration isn't going after good Republicans. Not a word was said about those unpaid gift taxes which should have been paid on Nixon's \$18,000 personal expense fund. . . . If the Democrats get into power in 1960 things might be different. The Roosevelt administration raised cash with a lot of unpaid Republican income taxes once in 1933, including that of Andrew Mellon, the Secretary of the Treasury. Frank Hogan, Mellon's attorney, finally worked out a compromise with the Roosevelt administration whereby the Mellon Art Gallery, including Mellon's portraits, were presented to the government. Then the criminal case against him was dropped. . . . The first thing ex-Attorney General Brownell did when Eisenhower took office was slip an amendment through Congress extending the statute of limitations from three years to five on conspiracy violations. This was put through to catch erring Democrats. It might later catch erring Republicans.

Kentucky View of de Gaulle

Capital newsmen Richard Rendell was one of the first to phone the French embassy when General Charles de Gaulle returned to power in France. "Please put Robert Valeur, the counselor, on the line," he said. The muted sounds of a celebration, music and voices, could be heard in the background. After a short wait, an embassy aide reported that Valeur was busy but that his wife could come to the phone. "I'll be delighted to talk to Madame Valeur," said Rendell. "She's a Kentucky girl. Perhaps she can give me an American slant on what is happening in France."

"I sho' can, sugah," broke in Madame Valeur. "In Kentucky we have a way of expressing all this excitement in two words. Lawdy me!"

Guest Editorial

THE TIMES, OF LONDON: Sputnik Sport. Whatever else the Sputniks have done they have produced an unending crop of funny stories inside Russia. There is the obvious one that the second satellite was, of course, sent up by the security services to keep a watch on what the first was up to. There is the other story that crowds in Albania suddenly began demonstrating for joy. They had heard the rumor that Russia was to "let loose a satellite in outer space" and had jumped to the conclusion that their own distant Albania was to be freed.

"Something's Burning"

The World Today

Main Point Shown Is Favors to Goldfine

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP) — Bernard Goldfine, millionaire friend of Sherman Adams, got special treatment which, under the law, no citizen is entitled to. That's the main point disclosed so far in the Adams-Goldfine case.

The White House—through presidential press secretary James Hagerty—said June 13 the real issue is whether the wealthy businessman got preferential treatment from a government agency as a result of his friendship with Adams.

There is no evidence that any agency ruled in favor of Goldfine because he was Adams' friend, but there is evidence he got confidential government information which he could not have hoped to get without Adams' help.

The Goldfine and Adams families have been friends for years, at quite some expense to Goldfine. He paid more than \$2,000 hotel bills for Adams, gave him a vicuna coat worth \$60, and lent him a very expensive Oriental rug.

Goldfine, a textile manufacturer, got into trouble with the Federal Trade Commission for alleged mislabeling of his product.

Looking Backward...

Twenty-Five Years Ago

New pavement on highway 50 between Sedalia and Dresden was opened and it shortened the travel distance approximately two miles. Sharp curves were eliminated, it being almost a straight drive with slight bend between State Fair Boulevard and Dresden.

1933
Mr. and Mrs. John A. Miller and son, Guy, left for Washington, D. C., New York City and other points in the east for a visit of several days.

1933
About 150 farmers from Pettis and neighboring counties attended a meeting at the state experimental farm near Green Ridge. An address was given by Karl K. Krukowski, professor of soils at the University of Missouri. George R. Wilkerson, W. A. Cochel, editor of the Weekly Kansas City Star made brief talks.

1933
Fred A. Kueck reported to police theft of \$91 from a cash box in his safe some time after 1 a.m. Friday.

Forty Years Ago

Four troop trains passed through Sedalia Monday night from western points over the Missouri Pacific en route east to an embarkation port to sail for overseas duty for the soldiers aboard.

1918
Percy Estabrook, employed at Joplin, returned to his home, 321 South Engineer, to entrain with other Pettis County boys for Camp Pike, Ark., with the draft contingent scheduled to leave June 24.

1918
Mike Bright, a racing horse owned by R. M. Garrett, Calhoun, and L. E. Edgington, Sedalia, was sold at the courthouse in partition sale, being bought by W. O. Kirkpatrick, Sedalia, for \$495.

1918
Sedalia had an average of one motor vehicle for every 32 inhabitants, figures from the office of the secretary of state indicated. According to the list registrations numbered 786.

He went to see Adams, President Eisenhower's No. 1 assistant.

Adams—in a letter to a House subcommittee investigating government agencies—said on June 12 that Goldfine came to him in 1953 with a letter from the Federal Trade Commission and asked what prompted it.

(Why Goldfine, if he didn't want special treatment, didn't go directly to the FTC and ask that question hasn't been revealed yet because he has not been called before the committee to testify He will be.)

Adams said he called FTC Chairman Edward F. Howrey and asked if the information Goldfine wanted could be made available. Then Adams in his letter said Howrey sent him a memorandum which he turned over to Goldfine.

But when Adams himself went before the committee Tuesday, this is what the committee counsels Robert Lishman, told him: Howrey, in his memorandum to Adams, revealed the name of the company which had filed a com-

plaint with the FTC against Goldfine. Lishman said disclosing such information was a double violation of:

1. The FTC's rules which require that the names of complainants in a case be kept confidential.

2. Federal law which prohibits revealing information in the FTC's files not already public.

Since both an FTC rule and federal law were roadblocks to giving such information to a private individual—particularly a defendant in a case, like Goldfine—it seems certain he couldn't have gotten the information from the FTC himself.

Adams said he was unaware of both the rule and the law when he passed on Howrey's memorandum to Goldfine.

He said that if he committed errors they were perhaps the result of "inexperience." Adams, in politics since 1941, because of his job with Eisenhower is one of the most important men in the government.

Your Child's Health

Stroke and Exhaustion Are Chief Dangers From Hot Sun

By EDWIN P. JORDAN, M.D.

A letter from Mrs. R. raises the interesting subject of hazards from too much exposure to the sun. Incidentally, this applies to adults as well as to youngsters.

She writes that her 13-year-old son has suffered from exposure to the sun in two different summers. He suffers each time from aches and pains and with a fever of an average of 102 degrees. The amount of exposure was apparently for four hours at 80 degrees.

There are two principal reactions to too much exposure to the sun. The two conditions are commonly called sunstroke and heat exhaustion. Both are serious and in both prevention is better than treatment.

When sunstroke is most serious, the result is complete loss of consciousness. The face develops a peculiar red flush and the skin is hot and dry.

Fever sometimes up to 109 degrees or more may be present. Both the pulse (heart rate) and breathing are abnormal. It is a highly dangerous condition.

Half a century after Galileo discovered that a pendulum swings at perfectly regular intervals of time, Christian Huygens made the first pendulum clock based on this principle. He presented this clock to the States-General of his native Holland in 1657. His major contribution to physics was in the field of optics. He developed the achromatic lens and formulated the wave theory of light.

The Call That Has Impact

Adams May Not Realize It, But His Voice Has Power

By JOSEPH A. DEAR
Of Our Washington Bureau

WASHINGTON—It is difficult to define with precision the power that is wielded by Sherman Adams.

He is Ike's right arm. As top man on the White House staff, Adams enjoys official power that is considerable in its extent.

But that's only part of the picture. Every government administrator in Washington knows who Adams is. And practically every one in government would be delighted to have a chance to please him.

The average bureaucrat has almost no contact with the White House. And when a phone call from the White House comes in, he listens ever so closely. He may be tempted to anticipate the desire of the caller. After all, that fellow in the White House has Ike's ear, and a plug from him may open new vistas.

This atmosphere, which is pervasive, actually augments the very real power that goes with Adams' job. So when Adams phones the Federal Trade Commission, as he did several times in behalf of his friend Bernard Goldfine, that call has impact. And the impact is to create a climate favorable to Goldfine.

Adams, who was once governor of New Hampshire, insists that he has done nothing improper. He says he did not ask the FTC to do anything for Goldfine, or to refrain from doing anything.

But you can just bet that Goldfine, whose business activities were under investigation, enjoyed a somewhat better reception at FTC than another chap who came in cold.

Once the phone calls are put in perspective, a new light is thrown on Adams' acceptance of Goldfine's hospitality. The indus-

trialist paid \$2,000 of Adams' Boston hotel bills.

It is possible to believe that this was in no sense a pay off, and still condemn the entire affair. For the appearance of the affair is all wrong.

Such an arrangement hints of a deal. And insofar as the reputation of the government is concerned, the appearance of scandal can be just as damaging as scandal itself. Both undermine the faith of the citizens in the integrity of the government.

Remember the "scandals" of the Truman era. His aides offered the same defense as Adams. They did no favors for those from whom they accepted favors. In the majority of instances that no doubt was true. Nonetheless, the reputation of Truman's Administration was blackened.

In those days, Adams brandished a slinky New England conscience. "The people," he said in the 1952 campaign, "will not tolerate the usual Truman Administration attitude in covering up scandal and corruption. . . ." (One of the scandals involved Democrats who had accepted free rooms in a plush Florida hotel.)

In discussing Ike's victory in 1952, Adams made this point: "We mustn't discount the fact that people were disgusted. They were sick and tired of reading in the papers every day about some mischievous rascal trying to steal the gold out of Fort Knox. . . . They want Eisenhower to build back honesty and integrity in the government which is not unduly influenced by any particular segment of society, any particular special interest."

This point was like the peak of a slippery pole. Ike and team should remember that nothing is more annoying than a pious moralist who doesn't practice what he preaches.

Ruth Millett Says

Go It Alone If Selfish Hubby Won't Take You Out

"What can a wife do if her husband never takes her anywhere—not even to a movie?" a reader of this column wants to know.

In that case her choices are pretty limited. She can stay at home all her life. Or she can go out alone or with women friends, just as though she didn't have a husband.

Some women choose the first way and some the second—depending on whether or not they are dependent on resources.

If you are fed up with staying at home and not afraid to risk your husband's displeasure, why not start planning a little social life of your own?

Invite a friend to go with you to a movie, play, concert or wherever you want to go. If your husband objects, tell him you know he wouldn't be interested but that you were, and so you arranged to go with a friend so he wouldn't have to take you.

Maybe that will suit him fine. If so, you can go on and lead your own social life. If not, maybe your husband will realize that he is also faced with two choices—whether to have you go off and leave him when you want to go somewhere, or to go along with you.

Either way, you haven't anything to lose by being independent enough to strike out on your own. A husband who refuses to take his wife anywhere is being completely selfish. So his wife has a perfect right to start thinking of herself.

You can't combat another's selfishness with words or by feeling sorry for yourself. The only way to combat it is to start putting

yourself first part of the time so that the other person's selfishness hurts you as little as possible.

Thinking It Over

By Robert L. Diefenbacher, D.D.

All along an electrical system are transformers of varying sizes. Filled with coils of wire, they transform high voltages of electric power to the voltages required in homes and business establishments. The ratio of the coil within these mechanisms determines the voltage furnished to the consumer. The transmission lines convey power so great that almost no equipment could use the electricity full strength.

The power of God is greater than the human soul or mind could comprehend. This power must be transformed to supply the individual with the precise amount that the specific soul can use. Some people utilize so little of God's power that their lights do not burn very brightly.

Our prayers transform God's power for our use. We can produce brighter lives if we increase the transforming prayer ratio to the point of utilizing our full spiritual equipment.

Better Feeling In Business Due to Metals Industries

NEW YORK (AP) — Much of the better feeling about business prospects today is based on an apparent recovery in the hard hit metals industries.

Many expect the trend to be reversed next month, at least for the time being, and look for no sure sign that the recovery is real instead of artificial until after Labor Day.

The present situation has a brighter glow, however, than

some of the metals industries have known for months.

Steel mills in eight weeks have pulled production up from less than half of capacity to nearly two thirds of potential output.

Copper prices have steadied and then advanced, here and in London, after a two year slide.

Aluminum, zinc and lead producers have urged the government to give them the same help. Some think they'll get it — namely, government purchases for the strategic defense stockpile.

Since the metals industries are basic to the economy their recent flush of better health has given a sprightlier tone to business thinking.

This is so in spite of some skeptics who suspect the flush won't last and even point out some artificial aspects of it.

The steady climb of steel production out of its recession low point is largely instrumental in reversing the long slide in the total industrial production index.

Some of the revived demand is real enough. But some of the recent spurt in steel may be borrowing from future weeks.

Observers note that the steel companies have been in no haste to tote much iron ore down the Great Lakes this spring and that the demand for steel scrap has been so quiet that its price is far below last year's level.

Mills apparently have plenty of ore and scrap for current operations.

Copper men have watched the price of the metal slide from 46 cents a pound early in 1956 to 25 cents this January, as demand fell off and stocks mounted. Wide-spread cutbacks in production here and abroad gave copper a healthier tone but demand hasn't revived, copper men say.

Uncle Sam has come to the rescue. Congress is considering a proposal for the strategic stockpile to buy up to 150,000 tons of copper at the market price, up to 27 cents a pound, for the stockpile.

The copper industry is looking for some tariff relief soon, too. July 1, barring action otherwise by Congress, the suspended tariff will be restored. At the current market price in the 25 to 26 cents range the tariff amounts to 1.7 cents a pound, enough to block off some foreign metal at the higher prices recently set abroad.

Shock Wave Damages Downtown Gainesville

GAINESVILLE, Fla. (AP) — Windows, some of them large plate glass, were shattered by a violent shock wave that shook the downtown section yesterday. One woman received minor injuries from flying glass.

Mayor Myrl Hanes blamed a jet plane breaking through the sound barrier but where the craft was based was not established.

Police Chief W. D. Joiner said reports showed that windows were broken in 51 places of business. Four extra patrolmen were assigned to guard against looting. No estimation of property damage was available.

Bees Found in Meter

BRYAN, Tex. (AP) — Gene Hart is going to have to wait a bit for the gas bill to his furniture store. Charles Munday, meter reader, discovered a swarm of bees had built a honeycomb between the meter lid and its glass face.

Turpentine Is Fatal To One-Year-Old Girl

SACRAMENTO, Calif. (AP) — A little girl who drank turpentine Saturday died last night. She was Marchione Creek, 1½.

Coroner's officers said she was playing with her grandparents, Mr. and Mrs. Paul Bulatovich, when she ran into their garage and drank from a can of turpentine.

Gold Boudoir Set Part of Frisco Mint

SAN FRANCISCO (AP) — A jeweler, has been indicted on helping dispose of jewelry Visokay confessed he stole.

Asst. Dist. Atty. Jack Berman said the collector's piece was stolen by Charles S. Visokay and later sold to the U. S. Mint for \$1,600 for its gold content. Visokay, a Yale graduate, was from Bridgeport, Conn.

"When a person who has a license comes in to sell gold it's hard to tell that it might be stolen," commented Mint Supr. Arthur Carmichael.

Lockheed Jet Star Set New Flight Record

BURBANK, Calif. (AP) — Border to border and coast to coast in 17 hours and 50 minutes.

That's the record of a Lockheed Jet Star, a new utility transport plane.

The plane, piloted by Ray Goudy and Bob Schumacker, took off from Edwards Air Force Base, Calif., shortly before midnight Monday. It touched down in Washington, Massachusetts and Florida before returning here yesterday. The actual flying time: 14 hours 50 minutes. Its average speed was 456 m.p.h. for the 6,700-mile flight.

The jet made stops at McChord AFB near Tacoma, Wash., Westover AFB near Chicopee Falls, Mass., and McCoy AFB near Orlando, Fla.

Zeller Is Nominated To Oppose Ribicoff

HARTFORD, Conn. (AP) — Connecticut Republicans have nominated State Comptroller Fred R. Zeller to oppose Democratic Gov. Abraham A. Ribicoff in the November election.

They also renominated Sen. William A. Purtell for a second full term. He was first appointed to the Senate in August 1952 to fill the vacancy caused by the death of Sen. Brien McMahon.

Zeller, 58, won on the first ballot at the party convention yesterday. His major opponent was John Alsop, 42, president of a Hartford insurance company and a former state legislator. Alsop's brothers are the columnists, Stewart and Joseph.

Ribicoff will be seeking a second four-year term. He is the only Democrat in high elective office in Connecticut.

Brings Adopted Child Home from Europe

HOLLYWOOD (AP) — Actor Eddie Albert brought an adopted daughter home from Europe.

The girl is 4-year-old Maria del Carmen, whom he found in a Madrid orphanage.

Albert's wife Margo had seen pictures of the child but hadn't met her until Albert arrived from movie location work in Europe yesterday.

The Alberts have a son, Edward, 7.

Dave Johnson Hurls 7-Hitter As Athletics Down K.C., 4-3

The Sedalia Athletics survived a dangerous threat by the Buford Surveyors of Kansas City in the ninth inning and salvaged a thrilling 4-3 decision at Liberty Park Tuesday night. Dave Johnson, husky right-hander went all the way for the locals and allowed only seven hits.

The victory, the third straight for the A's, was the sweetest since it came against the best club the charges of Vint Siegel have faced this season.

With Sedalia leading 4-3, going into the top of the ninth, the Surveyors came close to staging a game winning rally. Ray Estes, the leadoff hitter, drew a walk. Nave, after failing to sacrifice twice, struck out. But Calbert followed with a single which sent Estes to second. Working extra careful on hard hitting Bob Reed, Johnson issued another pass, filling the bases.

However, Johnson was able to reach back for the needed good pitches and he got Bill White on a pop foul to third baseman Elroy Burton and the game ending out on Sharey's hot bouncer to Sonny

McIntyre Wins, But Loses Fans

A full evening of wrestling entertainment was enjoyed Tuesday night when the open event between two women wrestlers turned in to a slug fest, the semi-windup when Bill "Red" McIntyre, made everybody angry at him in his match with Thor Hagen, and the mixed team-tag event the final event at the National Guard Armory.

Laura Martinez and Kathy Starr went the time limit in the opener to a draw. Bells ringing ending the match didn't seem to have any effect on the two girls and they had at it in and out of the ring for an additional two minutes.

Somebody "uncorked a hay maker" and they were having a free-for-all up to the time the bell rang.

In the semi-windup between McIntyre and Hagen it was a rough night for Hagen who fell victim to McIntyre in two straight falls. McIntyre, longtime favorite in the local ring, lost his following when he met the new favorite Hagen in the ring after about four minutes of wrestling.

McIntyre recently returned from a tour of Texas and Oklahoma, and down there the roughest is the victor. He turned on these tactics here and found his following dwindling. But the "red head" didn't stop. He roughed Hagen up and got a reverse head lock to win the first fall in seven minutes and 15 seconds. The same tactics were used in the second period with Hagen trying to produce some himself, but McIntyre grabbed a second reverse head lock and the fall went to him in 13 minutes.

In the mixed team tag event Joe Scarpa and Judy Glover were the victors over Otto Von Krupp and Penny Banner. The men started the wrestling event off. With about five minutes gone Vo Krupp tagged in Banner and Glover came into the ring and they battled all over the place. Banner was getting the best of Glover when the smaller girl tagged her teammate Scarpa into the ring and Von Krupp and these two battled. Von Krupp applied a reverse headlock on utes and 40 seconds.

The second fall went to Scarpa when he and Von Krupp had fought all over the place. But it didn't come until after the two girls had a tough time in the ring with Banner nearly pinning Glover to the mat. Glover made it to her corner in time to tag Scarpa in to meet Von Krupp. It was something new that Scarpa pulled on Von Krupp called a "back slide" and the fall was won in nine minutes and 20 seconds.

The third fall was moving along with Scarpa getting the best of Von Krupp who suddenly tagged in Banner. Banner and Glover were giving it the works, when Von Krupp slipped through the ropes to try and pull Banner away from Glover, but Glover made a huge swing of Banner holding to her arm and threw her into Von Krupp and the girl went to the mat along with the big German. Glover pinned Banner with a body press to win the fall in four minutes and 10 seconds.

Democrat Class Ads Get Results!

Thomas at short. Thomas flipped to Morgan for a force play on Reed.

The Athletics got away to a two run advantage in the first inning as Bill Dey walked, went to second on Elroy Burton's tap to the pitcher, and reached third as Herb Ford was safe when the Kansas City pitcher bobbled a soft roller. Jim "Salty" Schumaker drew a pass and Bill Cory got the big base hit of the inning, a liner to left which scored Dey and Ford.

Kansas City rebounded and picked up a counter in the top of the second on a walk, an error and a single. One Kansas City runner was cut down at the plate, the play going Morgan to Schumaker, and Schumaker pegged another runner out at second on an at-

Columbia Here Friday; Girls Return Sunday

The Athletics, with a 3-1 record for the season and leading the Missouri Valley league with a 2-1 mark, resume loop play Friday night at Liberty Park when they clash with the Columbia VFW club.

Columbia, defending Missouri State semi-pro champions, lost to the A's, 5-3, at Columbia two weeks ago. Bill George, who pitched the Sedalians to an 8-2 triumph over the Jefferson City Redbirds last Thursday, is slated to be on the hill for the locals. Hank Steere, the ace of VFW's hill corps, will pitch for Columbia.

On Sunday night the Athletics will play an exhibition game at Liberty Park against the All-American Girls team of Chicago. This is the same team which gained the favor of Sedalia baseball fans two years ago when they bowed to the A's in an 8-4 game at Liberty Park. Members of the All-American Girls team are mostly former performers in the American Women's Professional League.

tempted steal to get the A's out of trouble.

The visitors tied the count in the top of the fifth, scoring on hits by Calbert and White. Herb Ford speared Sharey's fly in right and fired to third to get White who had tagged-up on the play.

The A's scored their winning runs in the bottom of the fifth as the Kansas City defense folded and committed three errors, all by the catcher. Jim Fall's single to right center drove home Dey and Burton with the runs which proved to be the deciders. That ended the A's scoring.

Kansas City narrowed the gap to a single run in the seventh as Bob Reed hammered a homer over the centerfield fence with the bases empty. Johnson retired the Surveyors in order in the eighth, and managed to hang on in the ninth.

For the A's, Jim Fall collected two of the four hits allowed by KC's righthander, Calbert. Morgan and Cory got the other hits. Calbert hit safely off Johnson three times to pace the visitor attack.

Johnson issued five walks and fanned nine. Calbert walked seven and whiffed ten Sedalians.

Bill "Bones" Morgan came up with the fielding gem of the evening in the eighth when he raced into short right and grabbed Steen's hump-back liner with his back to the infield.

Mizzou Whips WM For Finals Berth in NCAA

OMAHA (AP)—Upstart Missouri and tourney favorite Southern California are the NCAA College World Series baseball finalists.

Missouri, a team that came into the tourney with pitching labeled as questionable but which has been getting mighty good pitching, can end the series by winning tonight's game, starting at 8 p. m. CST.

The Tigers have won four straight without defeat in the double elimination and Southern California has won three since dropping its tourney opener to Holy Cross.

Souther Cal evened the score with Holy Cross last night, beating the Crusaders 6 to 2.

Hal Deiz, who blanked the Trojans in his opening round, tried again but was touched for seven hits and five runs in the first two innings.

Then Missouri racked up with No. 4 as Western Michigan was tumbled 3 to 1.

Sonny Seibert, a .600 hitter in the series to date, got all the Missouri runs as he picked up three hits.

He singled in the second and scored, singled in the seventh and scored the lead run on a single by Hak Kuhlman and then cinched matters with a triple and another run on Bob Haas double in the ninth.

For the second time Doug Gullick held Western Michigan to four hits. And for the second time Dick Sosnowski was the loser.

Burdette's Hurling Pads Braves' Lead

By ED WILKS
The Associated Press

Lew Burdette, the hero of the 1957 World Series with three complete game victories in an eight-day span, now has two in four weeks, but that long-sought second one has hoisted the Milwaukee Braves into a 2½-game National League lead—their biggest bulge of the season.

The crewcut right-hander went all the way for the first time in six starts since May 22 last night. He stayed out of serious trouble with a nine-hitter as the Braves beat the Chicago Cubs 6-3.

Second-place San Francisco, the only other club to get as far as 2½ games ahead this year, was shipped 6-1 at Pittsburgh. The St. Louis Cardinals defeated Cincinnati 10-4 and joined the Pirates in jumping past the Redlegs for a third-place tie, just two games behind San Francisco.

In the American League, the New York Yankees ended their four-game slump, beating Cleveland 4-0 on Whitey Ford's three-hitter. Detroit made it live in a row with 1-9-2 victory over Washington. The Chicago White Sox gained their third consecutive shutout as Billy Pierce's five-hitter beat Boston 4-0. Baltimore defeated Kansas City 4-1.

Burdette (5-4) walked but one and struck out four. He gave up a first-inning run — on singles by Tony Taylor, Al Dark and Lee Walls, who had seven of the Cubs' nine hits among them — then blanked Chicago on three hits until the eighth. Bobby Thomson tagged him for his eighth homer with two out in the ninth.

Frank Torre, Johnny Logan and Harry Hanebrink each drove in two runs for the Braves. A bases-loaded walk and Hanebrink's two-run single bagged it in a three-run fifth against Moe Drabowsky, now 4-7.

Ted Kluszewski, who was 3-for-4, Ramon Mejias and Bill Virdon each hit triples in a five-run Pirate second against loser Johnny Antonelli (6-5). Rookie Curt Raydon gave up a first-pitch home run to Felipe Alou, then blanked the Giants on eight hits.

Ken Boyer smacked a pair of home runs for the Cardinals, his 14th capping a six-run ninth after the Cards had blown a 3-0 lead. Joe Cunningham's three-run triple cracked a 4-4 tie in the ninth against losing reliever Willard Schmidt. Stan Musial followed with a triple and then Boyer blasted off. Reliever Phil Paine won his third.

Enthusiasts of Beagle Hunting to See Pack Trial Action Sunday

Followers of Beagle hunting will have an opportunity to see the hounds in pack trial action Sunday, June 22, at the Missouri Valley Beagle club grounds near Adrian, Mo.

A small pack trial will be held for both the 13-inch and 15-inch class starting at 8 a.m. Measuring will begin at 7 a.m.

Judges for the trial will be Paul Landers and Don Hall for the 13-inch class and Howard Mayo and Norman Floyd for the 15-inch class.

Several plan to attend and enter beagles from the Warsaw area.

Cards Move Into Tie for Third With the Pirates

By THE ASSOCIATED PRESS

The St. Louis Cardinals made it two victories in a row over the Cincinnati Red Legs last night and moved into a tie for third place in the National league with Pittsburgh.

Last night's victory was an unusual 10-4 job with the Red Birds scoring six runs in the ninth inning. The Cards made it 4-4 in the eighth after the Redlegs came from behind an early 3-0 lead to go ahead 4-3.

Ken Boyer and Joe Cunningham keynoted the win. Boyer hit a homer, his second of the game and 14th of the season, to score Musial who had tripled. Cunningham scored on Musial's triple after being a bases loaded triple himself.

Musial also had a single earlier but hit into two double plays. The Kansas City Athletics, playing at home, didn't fare so well. They dropped a 4-1 contest to the five-hit pitching of Lefty Billy O'Dell.

It cost the A's a chance to move back into second place in the American League as Boston dropped a game to Chicago.

For Baltimore, it meant a streak of 28 scoreless innings ended.

Ray Herbert took the loss.

The A's trotted out three of the five newly acquired players before the largest crowd of theseason, 24,074.

Race In AL Is Struggling To Stay Alive

By ED WILKS
The Associated Press

That new born "race" in the American League still is struggling to stay alive.

With the Detroit Tigers and Chicago White Sox on the move at last, things are looking up—if you can shrug off the fact the New York Yankees have padded their lead by one game while losing 8 of 14.

Southpaw Whitey Ford won his seventh in a row with a three-hitter that beat Cleveland 4-0 last night as the Yankees ended their losing slump at four and junked their shutout string at 24 innings.

The Tigers moved into fourth place with a 9-2 victory over dropped into eighth place as Detroit won its fifth in a row and seventh in eight starts under new manager Bill Norman, who took over a last-place club a week ago.

Southpaw Billy Pierce squared his record at 5-5 and gave the White Sox staff its third consecutive shutout with a five-hitter that beat Boston 4-0. That made it four straight for Chicago, now in sixth place, while leaving the second-place Red Sox eight games behind New York.

Kansas City missed a chance to take second, losing 4-1 to Baltimore.

In the National League, the Milwaukee Braves defeated the Chicago Cubs 6-3. Pittsburgh rapped second-place San Francisco 6-1.

The St. Louis Cardinals joined Pittsburgh in a tie for third by beating Cincinnati 10-4. Philadelphia defeated Los Angeles 9-6. Ford, 8-2, struck out 10 and walked but two while giving up singles to Mickey Vernon, Rocky Colavito and Minnie Minoso. The Yankees broke loose after being blanked by Ray Narleski for five innings on one hit, Hank Bauer's bunt single.

Car Drivers Prepared For Thunderbowl Race

The Central Missouri Racing Association's modified stock car races will return to action tonight at Sedalia's Thunderbowl Speedway. Although races were conducted at Marshall on Sunday night, the cards set at Moberly on Friday night and Jefferson City on Saturday night were washed out and as a result nearly every driver in the CMRA circuit should be ready for action tonight. Time trials will get underway at 7:30 p.m.

A new man could cop the victory at the Thunderbowl tonight, thereby ending the spell cast over the Sedalia track by Torchy Aleshire of Moberly, Ken Taylor of Slater and Walter Sorrels of Columbia. That "new" man could be veteran driver Russ Hibbard of Marshall. Hibbard had fast time in the trials at Marshall Sunday night and pushed the winner, Aleshire, until the finish in the feature race. Ken Taylor, who often hooks up in a crowd pleasing duel with Sorrels and Aleshire, didn't run in the feature at Marshall, but before bowing out for the evening he won the trophy dash on a slow track.

Sedalia's Don Cooper continued to show improvement as he placed

third in the B feature at Marshall. Doodles Green of California, won the B feature with a new time record. Cooper has announced a hope of obtaining a faster car for Sedalia races in the near future.

Walter Sorrels will be in action at the Thunderbowl tonight, but he won't be piloting D-7, the Sewer Gas Special which knocked out on the final lap of the trophy dash here last Wednesday. The Columbia Junkman will be behind the wheel of W5, owned by Joe Wood of Versailles. Sorrels finished fourth in W5 in the feature at Marshall Sunday.

Silky Is Still Racing and Still Has Followers

INGLEWOOD, Calif. (AP) — Silky Sullivan, remember him? To the horse player, an unsentimental soul whose affection for a horse rests entirely on a \$2 bet Silky is...well, to quote one: "Silky Sullivan? He's dead."

Dead: Well, not quite. Ol' Silk is very much alive. He gallops each morning at Hollywood Park. He'll race again in a week or so. And, as usual, he'll probably lag 30 or 40 lengths behind the front runner, try to catch him and give his admirers heart trouble whether he does or not.

Silky still has his followers, mostly the non-betting variety, even if he did run a disgraceful 12th in the mud in the Kentucky Derby and eighth in the Preakness.

Says Silky's understanding trainer, Reggie Cornell: "Silky ran 'way back in the Kentucky Derby. But he must have a record. I think every school kid in Louisville had his picture taken with Silky."

Silky still gets fan mail from all over the nation. Maybe you've forgotten, but Silky did win a big one. That was the \$100,000 add Santa Anita Derby in March. He beat the best out here and did it from 30 lengths back or so back in true Silky manner.

Gavilan Meets Bahama Tonight in 10-Rounder

MIAMI BEACH, Fla. (AP) — Former welterweight champion Kid Gavilan makes what may be his last middleweight appearance tonight in a 10 round encounter with Yama Bahama.

Gavilan, veteran contender from Camaguey, Cuba, is trimming down for a return to the welter ranks after a series of fights in the heavier bracket.

The 32-year-old Kid pits the experience gained in a 106-29-6 record against the comparative youth of Bahama, 25-year-old Bimini fishing guide. Bahama has won 48, lost 8 and had one draw.

Coach Says Pro Ball Will Go Broke Under Present Bonus Signing

OMAHA (AP) — Professional baseball "will go broke" if it continues the trend of signing undergraduate players to huge bonus contracts, Coach Charles Maher of Western Michigan University said today.

"And it's ruining college baseball," he added. "The worst thing is that it deprives a boy of an education."

Life Was Different in Past, Even If It Wasn't Better

By HAL BOYLE

NEW YORK (AP) — Life may not have been better in the good old days—but it sure was different.

Remember when the best kind of unemployment insurance was an interest in your work?

When it was felt no baby had been properly welcomed into the world until it had been photographed naked while lying flat on its stomach on a fur rug?

When saloons competed to see which could serve the best free lunch in town?

When more popcorn was eaten in the American home than in movies?

When you could always earn a little ice cream cone money by picking potato bugs in a neighbor's garden at a penny a hundred?

When, long before Paris discovered the gunny sack look, dresses made from used flour sacks were part of every country girl's basic wardrobe?

When mother always kept a can of mutton tallow on the back of the kitchen stove to grease our wet shoes? No one could even spell lanolin then.

When dogs were allowed to run free in the streets—but children weren't?

When the biggest possible blow to your financial standing was to lose your credit rating at the public library?

When people took more pride in their flower beds than their martinis?

When the only thing more certain than death and taxes was that, if you picked up a hoptoad, you'd develop warts?

When every girl's dream of glamor was to grow long curls. Just like Mary Pickford's?

When it was easy to tell you'd entered the home of a man of distinction — because the brass cuspidor in his parlor always had a dazzling polish?

When salt mackerel was a major breakfast delicacy, and a child got one orange a year—in his Christmas stocking?

When your favorite uncle was the one who could light a kitchen match by striking it on the seat of his pants?

When a better sign of spring than the first robin was the old scissors grinder, back bent under the weight of his grindstone, swinging his bell as he cried, "Any scissors to grind?"

When, in the age before zippers, small girls counted the buttons on their clothing to see what kind of a man they would marry: "Rich man, poor man, beggar man—?"

When more families played "Old Maid" than bingo?

When every medicine chest contained a bottle of castor oil, the national tranquilizer?

When the only member of the household who worried about his diet was the family pooch—and his problem was whether they'd leave him enough table scraps?

When every home had a fire-side for grandma to sit by, and grandmas were willing to sit by firesides?

WRIGLEY'S SPEARMINT CHEWING GUM

Hervey Says Husband Behind in Alimony

LOS ANGELES (AP) — Actress Irene Hervey says her divorced husband, singer Allan Jones, is \$3,850 behind in alimony payments.

Miss Hervey and Jones two months ago obtained California recognition of a Nevada divorce. Jones agreed to pay \$1,500 monthly alimony. He later petitioned the court to reduce the alimony to \$1 a month.

Jones did not appear in Domestic Relations Court yesterday because of illness and the matter was postponed. Jones now is married to Mary Florsheim Picking, heiress to a shoe fortune.

Cave-in at Test Site Kills One Crewman

LAS VEGAS, Nev. (AP) — A tunnel cave-in at the atomic test site north of Las Vegas killed one man and injured another.

A crew was installing air conditioning vents when the ceiling collapsed 500 feet from the tunnel entrance yesterday.

Dennis B. Goins, 46, was killed by a falling boulder. Raymond Roberts, 46, suffered a broken leg.

Six other workers scrambled to safety.

Denies Being Intimate With Preminger's Wife

LOS ANGELES (AP) — British actor Michael Rennie denies movie producer Otto Preminger's charge that he was intimate with Preminger's wife.

The wife, former New York model Mary Gardner Preminger, 39, sued Preminger for divorce last year. In his cross-complaint Preminger later listed Rennie, 48, as co-respondent.

Rennie's denial was filed in Superior Court yesterday.

Ideas of Life of Executive Has Different Connotations

By HAL BOYLE

NEW YORK (AP)—Would you like to be a captain of industry? The idea of serving as president of a giant business firm—a firm with only five employees is a giant if the town it serves is small enough—appeals to many.

They see themselves as glamorous big wheel surrounded by many small cogs desperately anxious to please. They see the executive life as one of endless power, plenty, prestige and leisure.

Perhaps it actually was that way in the old days when a boss didn't rate as a tycoon until after he had bought his second yacht.

But today: Ah, no. Many a modern magnate has found that achievement of the great American dream—to run a big business—has many nightmare aspects.

Let us take a typical mythical example—Mr. Alonzo Q. Quagmire, president of the Acme Tid-dlywinks Co.

In an off-the-cuff interview, President Quagmire gives this picture of the private life of a captain of industry:

Q. Mr. Quagmire, do you feel any pressures in your post from stockholders, labor or government?

A. I did until I went numb.

Q. What do you think's the best thing an executive can do when he feels government is sticking its nose into his business.

A. Write 'em a hot letter on plain stationery — and forget to sign it. If you mail the letter, leave off the stamp.

Q. Are you afraid of your workers?

A. Last year yes; this year no.

Q. Are your workers afraid of you?

A. Not as afraid as I am of the stockholders.

Q. Mr. Quagmire, what are a few of your secret woes?

A. Well, if I get to work too early, they say I'm worried about my job, and if I get to work too late they think I've got a hang-over.

And if I get an ulcer, they say the job's getting me down. But if I don't get an ulcer they say I'm spending too much time on the golf course.

And if I don't hire five new vice presidents, they say I don't know how to delegate authority. But if I do hire five more vice presidents I know I'll have to spend most of my time watching them.

Q. Do you tell your employees funny jokes to keep up their morale?

A. Yes, but I figure the ones that laugh have a sense of loyalty—and it's the ones who don't laugh who have a sense of humor. I never could tell a joke well.

Q. What is the worst thing about being a boss?

A. You're so lonely. There's no one you can talk to. You can't even discuss the weather.

Q. Why?

A. Well, if you glance out the window and say to an employee, "Gee, it looks gloomy"—well, five minutes later a rumor is going through the plant that the firm's on the skids.

Q. What do you think is your greatest reward in your post?

A. I get a free parking space in front of my office.

Mynah Bird Will Talk But Will Not Squeal

DENVER (AP)—The cops are disgusted with Joe the mynah bird who talks but won't squeal.

Joe was stolen May 25 from his cage in the city park zoo. Yesterday he was found in the home of a Denver man, who explained he had bought Joe for \$35. He had a sales receipt.

Joe was given the third degree by detective Merle Huttenhow.

"What's your name?" Huttenhow asked. "What's yours?" Joe replied.

"What've you got to say?" asked Huttenhow. "Nothing," answered Joe.

Now Joe is back in the zoo and talking a blue streak as usual—and as usual it's all irrelevant and immaterial.

Celebrate Services By 88-Year Woman

ASHEVILLE, N. C. (AP)—There's always a seat reserved for 88-year-old Mrs. Alice T. Perry of Wingate when the North Carolina Veterans of the Spanish-American War meet.

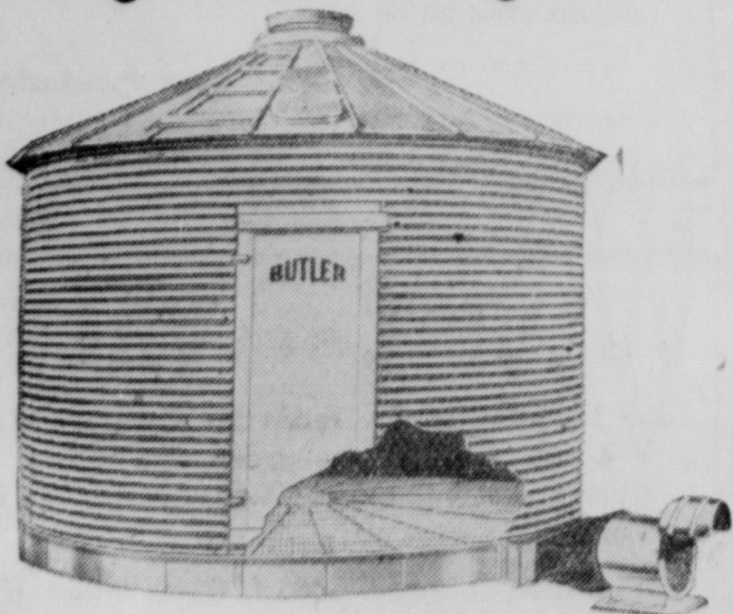

They celebrated her more than 30 years of service at their annual encampment here this week.

Mrs. Perry, who joined the veterans by virtue of her status as an Army nurse in 1898, was state commander in 1956 and 1957.

Crop Dusting Planes Crash; One Is Killed

HARLINGEN, Tex. (AP)—Two crop dusting planes crashed less than 25 miles apart yesterday. One crash killed Albert Merrill, 32, of Rio Hondo. At almost the same time, Robert Merrill, a brother, also of Rio Hondo, crashed but walked away from the wreck.

LOW COST WAY TO DRY high moisture grain

Butler STOR-N-DRY System

Butler system lets you both store and dry your grain for little more than cost of storage alone. Saves the cost of separate crop dryer... costs only pennies a day to operate. Saves work... just one grain handling operation instead of two when separate dryer is used. Complete units consisting of Butler bin, perforated drying floor or ducts and high volume Force-Aire fan available for every type of crop or moisture condition. Fully field tested. Supplemental heat and automatic controls optional.
